Smart Style Emphasizes Artful Fabric Manipulation

More and more the theme of front fullness is being emphasized as a means of attaining an ultra-smart silhouette. A newer tendency in the latest frocks is the tight-hip treatment. The two seem to be interrelated, for drawing the fullness to the front has brought about a snugness over the hips, which is a much desired effect at present.

Many are the alluring bypaths which lead to the few tight hipple plus the front fullness movement. It also places emphasis on artful fabric manipulation which is independent of applied trimming. Even the scraggly petaled flower on the shoulders is made of self-material. "Suitable for any hour-of-the-day wear," says the designer of this handsome frock—an assertion stamped with authority, coming as it does from the lips of a leading member of the Fashion Art League of America.

There are, to be sure, more ways than one of attaining the coveted front fullness. A favorite method is to group the skirt. Then again the skirt is often gathered into a front drape which produces an uneven hemline, for irregularity around the skirt edge is outstanding in this season's styling.

Sometimes jabot effects and cascades are adjusted so as to give the appearance of front fullness, at the same time falling below the hemline in artistic lines. Smocking and shirring done in a cluster at the very front also bespeak a desired front fullness. (Copyright, 1927)

Kiwanians Told Thorough Study Is Their Duty

Montreal Speaker Urges Intelligent Discussion of International Issues

MEMPHIS, Tenn., June 9.—Intelligent discussion with a thorough study of important community, state, national and international issues and problems was expressed as the duty of every Kiwanian by Rev. William J. Johnston of Mon-

tralia, in speaking to the delegates attending the eleventh annual convention of the service organization, held this week. "With 100,000 members in Kiwanis, meetings should often be given over to understanding all legislation. It is not the passing of resolutions but intelligent action on social problems that makes for progress," the Canadian stated. A Dixie tableau, in which the realism of the Old South will be vividly portrayed for hundreds who have never been below the Mason and Dixon line, closed the social functions of the convention. The selection of a 1928 convention city and the election of an international president and a board of trustees will complete the inst-

ness sessions. Three thousand delegates are eligible to vote as representatives of clubs in this country and Canada. Five cities took the convention of Kiwanis for 1928. They are Seattle, Detroit, Kansas City, Atlantic City, and Tampa. A majority vote must be cast by the voting delegates to decide the city. Ralph A. American of Scranton, Pa., is wielding the presidential gavel for the last time. Three officials—William C. Alexander of New York City, and H. Stanley Higman of Ottawa, Ontario, vice-presidents, and Henry C. Heinz of Atlanta, Ga.—are all presidential possibilities for the coming year. One of the twelve members of the international board of trustees may also be selected.

Bobby Jones, golf champion and holder of the American and British open golf titles, is a guest of the convention. With his friend, Watty Gunn, of Atlanta, he is to perform for Kiwanis against two Memphis players at the Colonial Country Club.

Torrance scouts will conduct their last monthly rally before the summer vacation period on Friday evening of next week in the auditorium of the elementary school. In addition to the six usual contests, two additional contests will be conducted—both the first of what are to be annual events, oratorical and first aid. The oratorical contest is being sponsored by the American Legion post, and there will be two awards for the winner, a Legion scholarship medal and a cash prize of \$10. The subject of the orations will be "Why I Believe in Scouting." The first aid contest will cover both demonstration and oral work. Each troop has entered teams of three members, and the members of the winning team will receive medals and their names will be engraved on the trophy now being made at the high school. In addition to the eight contests there will be the usual presentation of badges and awards earned since the last rally, and, if time permits, the playing of games. Troop No. 1 will be the hosts to the scouts present, after the rally program.

The Court of Honor for the review of merit badge applications will be conducted on Wednesday evening in the Scout building under the leadership of Herbert S. Wood, who is chairman of the court.

Six local scouts were present at the harbor district examination conducted last Saturday in the local scout building to decide on the membership of the district party that will leave on July 6 for a three-weeks hiking trip through the back country of the Sierra Madre Mountains. The Torrance scout who stands highest in the examination will win a free trip as the guest of James W. Post. The name of the winner will be announced at the rally on July 17.

Mr. and Mrs. Harry Sunden of Los Angeles were weekend guests of Mr. and Mrs. S. F. Webb of Cota avenue, and Sunday luncheon guests were Mrs. S. Van, Mrs. Mamie Norton, of Los Angeles; Mr. and Mrs. T. E. Webb and son Robert, Mrs. Ed Friel, and Miles Webb, of Pasadena; Mr. and Mrs. LeRoy Confer and family, of Marina avenue. The afternoon was spent at Redondo and Hermosa, and in the evening the party was served with a buffet supper.
